

TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE

**FISCAL NOTE**

**HB 3341 - SB 3140**

February 1, 2012

**SUMMARY OF BILL:** Extends, from 90 to 120 days after acquisition, the period of time in which computerized axial tomographers, lithotripters, magnetic resonance imagers, linear accelerators, and position emission tomography equipment must be registered with the Health Services and Development Agency (HSDA).

**ESTIMATED FISCAL IMPACT:**

**NOT SIGNIFICANT**

Assumptions:

- According to HSDA, extending the amount of time that equipment registrations can be submitted to the Agency for inclusion in the registry by 30 days will not result in any significant change to registering procedures.
- According to HSDA, the Agency has never sought a civil penalty for reporting that occurred between 90 and 120 days after acquisition; therefore, there will not be a significant change in revenue.

**CERTIFICATION:**

The information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, appearing to read "Lucian D. Geise".

Lucian D. Geise, Executive Director
